**TRUE COMPACT RHYTHM**

**GAGGIA**

# GAGGIA RUBY

## TRUE COMPACT RHYTHM

Close your eyes. Listen to the first drumbeats. You know your favourite song is about to ring out. That is how **the flavour of the best coffee is expressed on the new Gaggia Ruby**, a machine specifically designed for Office Coffee Service (OCS) and **for coffee serving outlets without much space or with low coffee consumption.**

Like the all-enveloping sound of a set of drums, **Gaggia Ruby is a modern machine**, compact and powerful, offering top performance in a small size. **It is the machine for coffee enthusiasts who have limited space available, but who insist on offering the best coffee** like that of professional foodservice establishments.

**Gaggia Ruby is a high-quality, durable, compact and powerful espresso machine** which uses group heads, filter holders and solenoids found on professional machines.

TRUE COMPACT  
RHYTHM

# HIGH PERFORMANCE

## GAGGIA RUBY

### PRESSURE GAUGE

- High precision

### HOT WATER OUTLET

- For the preparation of teas

## THE FULL RANGE FEATURES

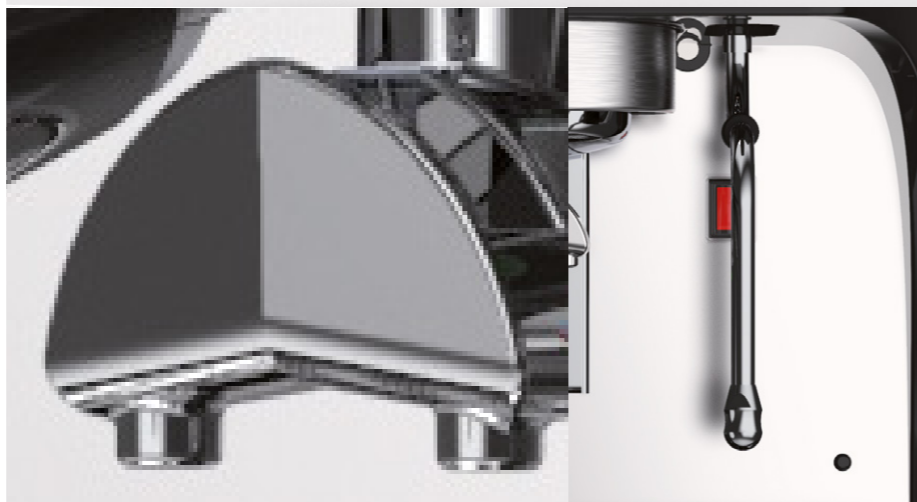

Designed to adapt to any need thanks to versions that use ground coffee, capsules or pods

- **RUBY OFFICE**  
For small offices or coffee break areas  
Incorporates exclusive “Espresso Priority System” to complete espresso preparation even if the tank reaches the minimum water level, or if the boiler needs to take on water after making tea or frothing milk
- **RUBY PRO**  
Ideal for offices or small canteens
- **RUBY PRO TWO**  
For outlets with greater coffee consumption. Prepare up to four cups of coffee at the same time

Models available with filter holders for different capsule formats  
**(Nespresso, Lavazza Blue, Espresso Point, Caffitaly, etc.)\***

- **INBUILT TANK VERSIONS**
  - Easy to fill water tank
  - Easy to remove drip tray with “full” indicator
  - No direct water connection needed

\*The registered brands ‘Nespresso®’, ‘Lavazza Blue®’, ‘Espresso Point®’ and ‘Caffitaly®’ are not property of Quality Espresso nor any group company.
